

**NO CHILD SHOULD GROW UP HUNGRY IN AMERICA, BUT 1 IN 7 KIDS WILL FACE HUNGER THIS YEAR.**

When kids get the food they need, they do better in and out of the classroom. No Kid Hungry uses practical solutions to end child hunger. Working together with local organizations around the country, we generate the will and skill to help communities feed children in need every day of the year.

**What Happens When You Support No Kid Hungry?**

No Kid Hungry’s singular focus is ending childhood hunger in America. Our work does not just feed a child today, we’re making sure children in the United States never go hungry again. While emergency food plays a critical role in providing food during a time of crisis, this solution remains temporary. Nutrition programs like School Breakfast, Summer Meals, and Afterschool Meals, have the potential to connect kids to healthy food, every day of the year, and transform their lives and their futures.
